

BUSINESS GROWS IN NINTH FEDERAL DISTRICT

MARCH RECORD MUCH LARGER THAN YEAR AGO

VOLUME OF BUSINESS APPLIES
TO MONEY VALUES
HANDLED

PHYSICAL QUANTITIES, HOWEVER,
WERE 3 PER CENT
LESS

(By United Press)
Minneapolis, April 11.—The volume of business transacted in the 9th Federal Reserve district during March was 27 per cent greater in money value than a year ago, but it was 3 per cent smaller as to physical quantities handled, the Federal Reserve bank reported today.

The decline in physical volume as shown by carloading and correlating with other reports is due to a 14 per cent slump in the total receipts of all grains at terminals; the smallest flour shipments from Minneapolis since July, 1917; forest product shipments relatively 8 per cent lower and lined product shipments in maintaining all gains shown as compared with the preceding year. Livestock receipts were about the same as a year ago.

A more detailed analysis shows that wheat receipts were 9 per cent below a year ago while flax receipts doubled; and that the marketing of cattle and calves increased about one third while that of hogs and sheep declined.

The gain in money value as compared with a year ago is due primarily to the much higher agricultural production, though this gain has been aided by an increase of 5 per cent by retail stores, a trebling of the activities in grain futures at Minneapolis and repayment of a substantial amount of maturing or called commercial paper, the report said.

BALLOON MEN IN NEW RECORDS

NATIONAL ELIMINATION RACE
STARTS FROM ST.
JOSEPH, MO.

(By United Press)
Washington, April 11.—Records will be broken at the National Elimination Balloon race at St. Joseph, Mo., on May Day, aviation experts here believe. Entries received here by the National Aeronautic association are all of high standing.

Two army balloons and the winners of last year's first and second prizes will be among the St. Joseph competitors. W. T. Van Orman of Akron, Ohio, who won last year by galling 1,072 miles from San Antonio to Rochester, Minnesota, will pilot a Goodyear bag with his aide, Wollam.

Captain H. E. Honeywell of St. Louis, who made second place last year with 1,042 miles, is the other favorite.

The U. S. army fresh from airplane victories and a round-the-world flight, is now determined to bring home a balloon prize. Captain R. E. O'Neill of Washington, D. C., as pilot, and Lt. Guy R. Oatman of St. Joseph, Mo., as aide, will fly one army balloon.

A second will be maneuvered by Lt. Harvey H. Holland, pilot, and Lt. Haynie McCormick, aide, both of Scott Field, Illinois.

Balloon fans also have their eyes on the Detroit Aviation society entrants, Pilot Herbert Von Thaden and Aide William C. Naylor.

The three winning teams at St. Joseph will represent the United States at Brussels June 7, in the international race for the second Gordon Bennett cup. Captain Demuyter of Belgium last year secured permanent possession of the first Bennett cup by a third consecutive victory in the international contest. He will compete again at Brussels this year.

The winner of the national race at St. Joseph will receive the Litchfield Trophy and a \$1,000 prize. Other cash prizes are: second, \$800; third, \$600; fourth, \$300; fifth, \$200; sixth, \$100.

More important than the trophy and prizes, however, is the challenge to break the records, which are over ten years old.

ROOSEVELTS SAIL TODAY ON FAR EAST EXPEDITION

(By United Press)
New York, April 11.—Theodore and Kermit Roosevelt sailed on the Leviathan at noon today on their expedition to Tibet and Chinese Turkestan. Their wives plan to follow them this summer and at a remote pass in northernmost India await their husbands' return from central Asia where T. R.'s sons hope to obtain rare specimens of big game for the Field Museum at Chicago.

CHARGE ARSENIC POISONING TO HAVE OCCURRED

GARY WOMAN QUESTIONED REGARDING DEATHS IN FAMILY

NO ONE HELD AS A SUSPECT, AUTHORITIES INVESTIGATING

(By United Press)
Chicago, Ill., April 11.—Mrs. Anna Cunningham of Gary, Ind., was found here today and questioned by the state's attorney's office in connection with the death of her husband and four children, all of whom died of sudden sickness during the last six years.

The probe was started when a fourth child, David, 24, was taken violently ill and brought here from Gary to receive expert medical treatment. A physician said he was suffering from arsenic poisoning.

Although authorities have been unable to establish any motive which might point to a wholesale murder plot, they announced a thorough investigation would be conducted.

No one is held as a suspect, but every person connected intimately with the family is to be questioned. Coroner Oscar Wolf and an assistant state's attorney this afternoon questioned David, whose recovery is doubtful.

AUTHORITIES OF CHICAGO INVESTIGATE

Chicago, April 11.—Two assistant state's attorneys left Chicago this afternoon for Crown Point, Ind., where they will make demands that five bodies buried during the past six years be exhumed as part of their investigation of an alleged wholesale poison plot.

This action followed immediately after questioning of Mrs. Anna Cunningham whose husband and four children died of sudden sickness at intervals of about a year. Another son, David, is near death in a hospital here, suffering, physicians report, from arsenic poisoning.

The family's home is in Gary, Ind., but they have lived in several Indiana cities during the past decade.

A. L. Wiede Named N. P. Freight Receipt Auditor

St. Paul, April 11.—A. L. Wiede has been appointed auditor of freight receipts of the Northern Pacific.

Announcements of this appointment was made today by F. W. Sweney, comptroller, and approved by Pres. Charles Donnelly.

Mr. Wiede succeeds W. S. Taylor, who has retired on pension. Mr. Wiede was promoted from the position of assistant auditor of freight receipts.

Mr. Taylor is one of the best known employees of the company and has been in the auditing department for nearly a quarter of a century.

EARLY TRIAL FOR SHEPHERD IS ASSURED

STATE AND DEFENSE AGREE UPON PROCEDURE

SHEPHERD IN CELL IN THE COUNTY JAIL, CHICAGO

(By United Press)
Chicago, April 11.—Early trial for William D. Shepherd seemed assured today as both state and defense agreed upon requesting the courts to rush the case through.

Attorneys for Shepherd who is accused of murdering his millionaire ward, Billy McClintock admitted keen disappointment when the Illinois Supreme Court refused their appeal for habeas corpus writs which would have allowed Shepherd his freedom.

"Our only alternative now is to get a speedy trial so that our innocent client may have his freedom," William Scott Stewart, chief defense counsel asserted.

"The state does not have enough evidence to convict Shepherd; they can't get it because he is innocent. Any jury will decide that after hearing both sides of the case. We want an early trial so that our client will not be confined to jail any longer than necessary."

Ever since he was indicted for Billy's death, Shepherd has been in the county jail and all appeals for freedom on bail have been denied.

State's Attorney Robert Crowe is equally insistent upon an early trial. He was in favor of this when Shepherd's attorneys were seeking delays.

GOV. ROSS OF WYOMING HAS HEAVY GUARD

EXECUTIVE MANSION PICKETED BY 18 NATIONAL GUARDSMEN

RUMOR OUT THAT BOOTLEGGERS PLANNED TO BOMB THE BUILDING

(By United Press)
Cheyenne, Wyo., April 11.—Eighteen armed national guardsmen mysteriously placed around the executive mansion of Governor Nellie Taylor Ross last night were unexplained today.

Cheyenne city officials expressed themselves as being taken completely by surprise at the guards' appearance. Questioning state departments and residents in the vicinity gave them no information. Governor Ross refused to comment on the situation except to deny that the guards were placed there at her suggestion.

The most highly discussed theory is that a threat has been made against the life of the nation's first woman governor.

Other rumors were that prohibition authorities had been tipped off that bootleggers were planning to bomb the executive mansion.

BALFOUR'S LIFE ENDANGERED BY A SYRIAN MOB

DAMASCUS WAS SCENE OF INCIDENT, SAYS LONDON TIMES

SHOWERS OF STONES HURLED BY MOB AT HOTEL WHERE HE LODGED

(By United Press)
London, April 11.—The Earl of Balfour's life was actually endangered at the hands of a Syrian mob in Damascus before he was spirited away to safety aboard a French warship at Beirut, according to the Damascus correspondent of the Times.

It was shortly after the noon day prayers, the writer declares in a graphic description of Balfour's experiences, when the angry hum of the mob began moving towards the Hotel Victoria. Then the mob was quieted by the mounted police. On foot and armed with rifles, the police did their utmost between 12:30 and 2 P. M. to disperse the infuriated mobs by discharging blank cartridges but without success. Constant shouts of "down with the Balfour declaration" and "down with Balfour" came from the surging mob as it moved towards the hotel, while guests looking down from the balcony of the hotel were kept back, dodging the shower of stones hurled by excited participants in the demonstration.

MAY WHEAT MAKES ADVANCE

OPENING PRICE AT MINNEAPOLIS CHAMBER OF COMMERCE 10c HIGHER

(By United Press)
St. Paul, April 11.—May wheat made a substantial price advance in trading on the Minneapolis Chamber of Commerce today.

The opening price today was \$1.53, ten cents higher than Thursday's close. In the early trading the price fell 2 cents. The traders believed most of the prices would hold over. The advance is attributed to the government's report which stated that the winter wheat crop would be 116,000,000 bushels less than last year.

CONTRACTS LET FOR NEW VETERANS HOSPITALS, \$800,000

(By United Press)

John W. Davis has about fully resumed where he left off in Wall Street.

ADHERENCE TO MONARCHISTIC POLICY GIVEN

FIELD MARSHAL VON HINDENBURG GIVES OUT EASTER MESSAGE

SAYS HE WILL NOT SURRENDER HIS POLITICAL CONVICTIONS

(By United Press)
Berlin, April 11.—Adherence to the monarchistic policies was promised today by Field Marshal von Hindenburg in an Easter address.

Hindenburg said, "Nobody can demand that I surrender my political convictions."

In his address, however, Hindenburg agreed to stand on the present constitution without following asphorism.

"It is not the state form, but the spirit which inspires the state's form that is decisive."

The field marshal declared he was opposed to any war or uprising within his country, adding that only long peaceful work could restore Germany. He then spoke of the appeal which prompted him to accept the candidacy of the "empire bloc."

"Fatherlandish Germans from all German regions and of all Germany's richest offices make the ranks highest office," he said.

"I accepted the call after a serious examination of what was involved. My life lies clear before the whole world. I believe I always have done my duty even in difficult times. When duty demands that on the basis of the constitution I work as president regardless of party, class or person, then I won't be found lacking."

FEDERAL AGENTS SWOOP DOWN ON MORRISON

MAKE ARRESTS AT LITTLE FALLS AND AT ROYALTON

CHARGE EVIDENCE OF SALE, ALSO POSSESSION OF LIQUOR

(By United Press)
Little Falls, April 11.—Two automobile loads of federal agents swooped down on Morrison county late yesterday afternoon. Raymond O'Brien of Bowls, Lester Milner, William J. Broker, Martin Poster, Joseph Orth, all of Royalton, George Myrman and Lillian Myrman, his wife, and John H. Graft of Little Falls, were arraigned here before United States Commissioner Gerritz and gave \$500 bonds each for appearance in federal court in Duluth on July 10th.

Evidence of sale was secured on March 31st and April 1st and 2nd. Evidence of possession was found again yesterday in all cases. Other warrants have been issued, but the persons have not yet appeared.

FRANCE TRIES TO RESTORE ORDER IN PARLIAMENT

TANGLED FINANCIAL SITUATION BRINGS FALL OF HERRIOT

ADVERSE VOTE ACCORDED FORMER PREMIER IN SENATE

(By United Press)
Paris, April 11.—France today set about to restore order amid its financial wreckage. The tangled financial situation which brought about the fall of Premier Herriot when an adverse vote was accorded him in the senate supported President Doumergue and politicians towards a rapid solution of the cabinet crisis.

"It is indispensable that the situation be settled without delay," Paul Painleve, president of the chamber of deputies observed after a conference with Doumergue.

As is traditional after the resignation of a ministry, Doumergue not only discussed the crisis with Painleve, but with the president of the senate as well.

FRANCE TO HAVE ANOTHER CABINET

Paris, April 11.—France, it appears, is to have another cabinet largely of Herriot's persuasion.

As President Doumergue today puts his conference in order to effect a quick solution of the parliamentary tangle growing out of Herriot's defeat and resignation yesterday, the conviction grew that the new government would be dominated by the left groups.

Leaders of both the right and left elements agreed after conferring with the president that such a course appeared to be the best.

"I expect a solution quickly and it is my belief a cabinet will be formed of members of the majority in the chamber (left groups) with possibly some outsiders," said Deputy Cizias, head of the radical socialists in the chamber after leaving Elysee Palace.

Doumergue had an appointment with M. Briand, former premier at 5:30 P. M.

DR. PAASCH, FIRST VICE PRESIDENT OF REICHSTAG, DIED

(By United Press)

Detroit, Mich., April 11.—Dr. Herman Paasch, 74, for 15 years first vice president of the German Reichstag, died here today. MONTH'S COAL STRIKE BRINGS ABOUT UNIVERSAL DESTITUTION

RELIEF FUNDS ARE RUNNING LOW, AND MORE FUNDS REQUIRED

(By United Press)
Sydney, Cape Breton, N. S., April 11.—On Easter Eve this colony of misery—where a month's coal strike has thrown 5,000 people upon the threshold of starvation, relief chiefs announced today they had about reached the end of their meager charity resources. More funds must be forthcoming if the increasing number of destitute women and children who became public charges when their incomes ceased with the strike five weeks ago, are to be saved.

The announcement was made by M. A. McAdam, village priest in charge of the relief committee, who said the organization now is nearly \$3,000 a day short of rations.

PRES. LEWIS OF MINE WORKERS AT CAMP

Cape Breton, N. S., April 11.—John L. Lewis, president of the United Mine Workers of America, accompanied by Frank Hughes, a member of the international executive committee, arrived here today to make a personal investigation of conditions growing out of the strike of 12,000 coal miners.

Enroute here, Lewis stopped off at Halifax for a conference with Premier Armstrong of Nova Scotia. He thus far has refused to make a statement, declaring he is making private inquiries into the situation.

St. Paul, April 11.—Minnesota state banks are in a very healthy condition, A. J. Veigel, state bank examiner, said today.

Examination of the results of the state bank call of March 20 revealed a total of \$440,510,334 deposits in state banks, an increase of \$5,100,000 in the last three months.

FRANCE TRIES TO RESTORE ORDER IN PARLIAMENT

TANGLED FINANCIAL SITUATION
BRINGS FALL OF
HERRIOT

ADVERSE VOTE ACCORDED FORM-
ER PREMIER IN
SENATE

(By United Press)
Paris, April 11.—France today set about to restore order amid its parliamentary wreckage. The tangled financial situation which brought about the fall of Premier Herriot when an adverse vote was accorded him in the senate supported President Doumergue and politicians towards a rapid solution of the cabinet crisis.

"It is indispensable that the situation be settled without delay," Paul Painleve, president of the chamber of deputies observed after a conference with Doumergue.

As is traditional after the resignation of a ministry, Doumergue not only discussed the crisis with Painleve, but with the president of the senate as well.

FRANCE TO HAVE
ANOTHER CABINET

Paris, April 11.—France, it appears, is to have another cabinet largely of Herriot's persuasion.

As President Doumergue today puts his conference in order to effect a quick solution of the parliamentary tangle growing out of Herriot's defeat and resignation yesterday, the conviction grew that the new government would be dominated by the left groups.

Leaders of both the right and left elements agreed after conferring with the president that such a course appeared to be the best.

"I expect a solution quickly and it is my belief a cabinet will be formed of members of the majority in the chamber (left groups) with possibly some outsiders," said Deputy Cizias, head of the radical socialists in the chamber after leaving Elysee Palace.

Doumergue had an appointment with M. Briand, former premier at 5:30 P. M.

5,000 PEOPLE ARE AFFECTED AT CAPE BRETON, N. S.

(By United Press)
MONTH'S COAL STRIKE BRINGS
ABOUT UNIVERSAL DESTI-
TUTION

RELIEF FUNDS ARE RUNNING
LOW, AND MORE FUNDS
REQUIRED

(By United Press)
Sydney, Cape Breton, N. S., April 11.—On Easter Eve this colony of misery—where a month's coal strike has thrown 5,000 people upon the threshold of starvation, relief chiefs announced today they had about reached the end of their meager charity resources. More funds must be forthcoming if the increasing number of destitute women and children who became public charges when their incomes ceased with the strike five weeks ago, are to be saved.

The announcement was made by M. A. McAdam, village priest in charge of the relief committee, who said the organization now is nearly \$3,000 a day short of rations.

PRES. LEWIS OF MINE
WORKERS AT CAMP

Cape Breton, N. S., April 11.—John L. Lewis, president of the United Mine Workers of America, accompanied by Frank Hughes, a member of the international executive committee, arrived here today to make a personal investigation of conditions growing out of the strike of 12,000 coal miners.

Enroute here, Lewis stopped off at Halifax for a conference with Premier Armstrong of Nova Scotia. He thus far has refused to make a statement, declaring he is making private inquiries into the situation.

150 GUESTS HELP
BARNUM & BAILEY
EAT "BIG TOP" CAKE

St. Paul, April 11.—The "big top" circus tent of Barnum and Bailey disappeared before the onslaught of 150 guests at the Barnum-Bailey double wedding in St. Paul Thursday night.

For the spectators were diners also who found ample solace for their appetites in the big tent cake, decorated with sugar-coated circus atmosphere.

The wedding took place at the home of parents of the two sister brides, Mr. and Mrs. George Glasgow, 1494 Capitol Ave.

The older sister, Mabel, was married to Charles R. Barnum, instructor in architecture, Bradley institute, Peoria, Ill. Esther, the younger sister, became the bride of Dr. William Bailey, a chiropractor, living in Minneapolis.

The Barnums will make their home in Peoria and the Baileys will live in Minneapolis.

REPORTS ON THE CITY SCHOOLS

Supt. W. C. Cobb Submits Monthly Findings on Condition of Schools for March

91 NEW PUPILS ENROLLED

Average Attendance for the Month of March Was 1989 Pupils

At the regular meeting of the board of education of the Brainerd independent school district, Superintendent W. C. Cobb presented his monthly report on the condition of the local schools. The following interesting data was contained in this report:

During the month of March 91 new pupils were enrolled in the city schools, making the total enrollment since the opening of school in September 2,241.

Of the number enrolled last month, 69 were entering the primary departments as follows: Lowell school, 23; Lincoln school, including the Washington district, 32; Whittier school, 8. The average attendance for the month ending March 27th, was 1989.

Only one extra teacher has been employed thus far to care for these new primary pupils. A slight shifting of the classes in the two primary rooms at the Lincoln made it possible to provide for the morning session at the Lincoln school, and the normal training girls look after these pupils in the afternoon. At the Whittier school, the number was only 8 and were absorbed by the primary room in charge of Miss Walsh, without an additional teacher. At the Lowell, Mrs. Strickler is employed as a substitute, the same as last year, to take charge of this spring class.

This year, at the suggestion of the primary teachers, it seemed wise to restrict the entering pupils to those who would be six years old before June 1st. Last year no such restriction was made, and pupils were admitted whose birthdays came during the summer vacation. This accounts for about 25 more pupils entering the spring classes last year than during the present year.

The number of pupils in actual attendance has been slightly greater during the present year than last year, and the present time is larger than at any one date or during any one month of last year.

In spite of the limited school room facilities, official notice has just been received from the North Central Association of Colleges and Secondary Schools, informing us that our high school has been again placed on the accredited list for the ensuing year, ending March 20th, 1926. This association includes 20 states and any high school graduate may receive a North Central certificate on request, with whatever advantages in entering college may attach thereto.

On the return of the regular principal at the Harrison school, early in March, Miss Helen Fiergolla began her duties as teacher "at large," dividing her time between the Whittier, Lincoln, and Harrison schools. I have interviewed the principals of all of these schools and all appear well satisfied with the working out of this plan, which enables the principal to devote a portion of her time to supervisory duties and inspection of classroom work.

At the present time our schools have four rooms with more than 40 pupils, four with 38 pupils, four with 37 pupils, six with 36, and a similar ratio on down to 30.

Some interesting figures recently received from the state supervisor of home economics gives the average cost per pupil in the cooking department as three cents per day, and about \$125 per year for a class of 20. For two classes of 20 pupils each, such as we maintain in the high school, the cost should be in the neighborhood of \$250, with a slight addition for the eighth grade people for one day per week.

National Revenue

The principle sources of revenue of the United States are from excise duties on imports and exports, taxes upon liquors, tobacco, certain luxuries, such as theater admissions, and income tax, which is at present by far the greatest source of revenue. No part of the taxes raised by the states is turned over to the federal government.

HOSE COMPANY BIG EASTER BALL

All Preparations Completed for 43rd Event of Its Kind

AT GARDNER HALL, APRIL 13

Entertainment Committee, R. L. Elder, Wm. J. Lyonais, Dean White, Clyde McDonald, Pete Peterson

All preparations have been completed for the big annual Easter ball, the 43rd of its kind given by Hose Company No. 2, of the Brainerd Fire Department, on Monday evening, April 13th at Gardner hall.

The entertainment committee, consisting of R. L. Elder, Wm. J. Lyonais, Dean White, Clyde McDonald, and Pete Peterson, promises that this will be the finest of its kind ever held in the city. Hedstrom's U. S. T. orchestra will furnish the music, and dancing will be from 9 to 12 o'clock.

Invitations have been issued and must be presented at the door to gain admittance. This is to be an informal affair, \$1 being charged as the contributing cost per couple. Extra ladies are 25c each.

This being the first dancing party after the closing of the lenten season, and the first of the Spring social activities, it is expected that there will be an unusually large number in attendance.

WOODHEAD MOTOR CO. NEW SALES LOT

Established for Handling Second Hand Cars South of Post Office on 6th Street

RECONDITIONED FORD CARS

Includes Coupes, Sedans, Tourings, Roadsters and Trucks

The Woodhead Motor Company has secured a lot on South Sixth street, in the block with the post office, and has equipped it as a used and reconditioned car lot, where all second-hand cars are displayed and demonstrated.

These cars are first put through the company's shop where they are given a thorough overhauling, and placed in first-class condition, so that when they are placed in the sales lot they carry the firm's guarantee, a protection to the buyer.

This line of reconditioned Ford cars includes coupes, sedans, tourings, roadsters and trucks, all of which carry a guarantee of satisfaction.

As an inducement to bring the public to the sales lot to inspect these cars, the Woodhead Motor Company is putting on a guessing contest, giving a Ford car to the person guessing the total or nearest to the total number of nuts in a box that is on display at the lot.

No conditions are attached to this contest. Anyone in the city, with the exception of employees of the company, may participate in this contest, which closes at one o'clock on Saturday afternoon, April 18th. The used car lot as well as the company's garage on South Seventh street, is open evenings.

ARMY "WEEK OF SELF DENIAL"

On Saturday Evening Captain Kelly Will Speak World-Wide Activity of the Salvation Army

Tomorrow evening the Salvation Army will wind up its annual week of Self Denial. This is an effort when Salvationists and friends of the Army endeavor through the medium of special self denial and other means to raise funds to help support the non-supporting branches of activity in this country and its missionary work amongst the heathen.

The evening meeting commencing at 7:30 will be called the "Ingathering" when those who have participated will place their gifts upon the altar. Captain J. C. Kelly will deliver a lecture entitled "The Salvation Army Around the World." The lecture will feature the missionary work amongst the heathen and the work amongst the lepers in the 6 leper colonies which the army operates. Every one is welcome.

Skilled and Unskilled

Skilled laborers are those requiring such training in a particular occupation as would involve material industrial loss in a transference to other occupations. Any laborers who do not have to serve an apprenticeship to learn a trade are unskilled laborers.

An honest man's word

More than three hundred years ago, Miguel de Cervantes said: "An honest man's word is as good as his bond." Advertisers must be honest men, if they would remain advertisers. Their announcements are signed. They must tell the truth in their advertising. For their own protection, as well as yours.

What would it profit a man to advertise "Pure, virgin-wool suits," only to have you discover they were shoddy? You would soon separate the sheep from the cotton. And you would never deal with that man again. And, further, you would tell all your acquaintances what a skinflint he was.

As a matter of business, if not of personal principle, an advertiser must tell the truth in his signed announcements. That's what makes the advertising columns of this paper such reliable guides to honest merchandise. The printed announcements are bonds between you and the advertiser.

Read the advertisements. Read them regularly. To be informed on the newest and best in everything. To save hours of shopping. To make the family purse do a bigger, better job. To get goods of known quality at the most attractive price.

You would not plan a motor trip without first consulting road-maps and guide-books. Is it logical to plan a shopping trip without first consulting the advertisements? Read the advertisements. Then go to the stores with your mind more than half made up.

A signed advertisement is, in effect, a sealed bond between you and the advertiser

CHILD LABOR AMENDMENT

THE child labor amendment is to have further consideration in the Minnesota legislature. According to Dowsley Clark of the Minneapolis Tribune, a deciding vote upon the legislature's attitude toward the proposed federal child labor amendment to the constitution is expected to be recorded before the legislature closes its session.

Senator George H. Sullivan led the fight to have the legislature go on record against the amendment. Senator Henry Morin of Duluth introduced a resolution providing for ratification of the amendment. The Morin resolution will come up first. Proponents of the child labor amendment will seek to have it adopted and opponents will try to kill it. If the opponents are successful in knocking out the Morin resolution they will proceed to make a fight to have the house resolution of rejection adopted.

The contention of Senator Sullivan is that if the present legislature formally rejects the child labor amendment the issue is closed for all time, so far as the constitutional amendment now pending is concerned. By having both houses adopt a resolution rejecting the amendment, the authorities would be so notified at Washington and Minnesota would be listed as opposed.

Supporters of the child labor amendment, especially those senators who stand behind labor legislation, believe that this is true, and so to keep the subject from being a closed issue in Minnesota, they would prefer to have no action taken. Their whole effort is being directed toward keeping the senate from taking a direct vote upon the house resolution of rejection.

Considering the amendment in its national sense, it will be of interest now to observe what the states delinquent in child protection will do to remedy conditions within their state lines. Will they heed the warning? Will they clean up and set their homes in order? Or, given another lease of life, will they continue disregarding the protection of the little ones and expect public opinion to forget the issue.

A MAN AND HIS JOB

IN the final analysis, it's a man's job that influences his outlook on life. If he's a square peg in a round hole, things never look right. If pay is small, his wants must be cut to fit the budget. If he's working short time, you can't expect him to grow enthusiastic about large expenditures, whether of public or private nature.

It's the job question that influences the family. A move is made to a new town if there's a chance to better things. After the job question is satisfactorily settled, then the family is in a position to take up the finer things of life, all however primarily based on the prosaic foundation of the job.

"HOPPING ON" FREIGHT TRAINS

TIME and again railway men have warned youngsters against "hopping on" freight trains. The yards here have been the scene of many accidents caused by such a practice and police, special agents of the company and others do everything possible to discourage such a practice.

There may be a momentary exhilaration in "stealing a ride," but the cost is too great when one considers that death is generally the penalty for a false step. A lurch of the train may throw one from the rods or bumpers and wheels with a knife edge are quick to act.

Young men, as a rule, are the victims and they are the kind that no community can ever afford to lose.

ST. PAUL WEEKLY CORRESPONDENCE

St. Paul, April 10.—As proof that he is for the Coolidge-Christianson brand of "economy and then more economy," Congressman Allen J. Furlow of Rochester is participating in the deliberations of the Minnesota state senate, and doing it without hope of reward. According to preliminary skirmishes, he has let himself in for nothing more than abuse from political sources.

Congressman Furlow, who was elected to the state legislature in 1922, was the victor last fall in the contest to succeed Sydney Anderson of Lanesboro, as representative in Congress from the First Minnesota district.

When the proper time arrived, Senator Furlow was excused by his colleagues for the balance of the term, whereupon he went directly to Washington to be sworn in as congressman.

As soon as the session in Washington was ended, the congressman returned to Rochester and was enjoying life in the "old home town" when he heard a cry of distress from a number of economy measures that were parading in review before the state legislature, and since he had once been elected to economize for the voters of the Fourth Legislative district he felt it to be his bounden duty to "sit in," even though to do so would be gross extravagance with his own private funds.

And so he came to St. Paul to work as state senator without pay. It happened that some of the colleagues who had voted to excuse Congressman Furlow from further service were not in favor of letting him cast a vote upon his return, but Lieutenant Governor W. I. Nolan took the position that since the people of Olmsted county had elected him it would take more than sixty-six state senators to take that right away from him.

Congressman Oscar Keller While on the subject of congressmen, it should be noted here that Congressman Oscar Keller of this city is said to be making plans to seek the position of Register of Deeds to succeed John J. Fitzgerald at the 1926 election.

The salary of a congressman is \$10,000 per year, and that of register of deeds is \$4,500. Congressman Keller has figured it out that \$4,500 in Saint Paul is equal to \$10,000 in Washington. He does not consider the fun of handling the \$10,000 worth anything.

As soon as the Keller report was abroad, other reports were born, among them that Fitzgerald would run for Keller's job, and that other candidates would be Mayor Arthur E. Nelson and Frank Starkey, a labor member in the state legislature. This is the third job for which

Congressman Keller is reported to be angling. Previously it has been said that he would like to be mayor or sheriff.

Depot Approach

The historic Sherman hotel is coming down to make way for a slightly depot approach. Angus Cameron, proprietor, gave a farewell dinner Saturday night, when the welk rang and the curtain fell on the scene of many and many a political conference and card game.

Work of tearing the building down will start about the middle of April, according to railroad officials who are anxious to start beautifying the surroundings of the new depot.

Music Lovers Select Program

It is interesting to note that the people of Saint Paul, voting for the selections which they desire the Minneapolis Symphony orchestra to play at a big "pop" concert, have hit upon many of the numbers that have been played and re-played, time without number.

For instance, they have asked for "The Blue Danube" waltzes, "Stars and Stripes Forever," by Sousa, overture to "Tannhauser," Wagner, Melody in F, Rubinstein, intermezzo from "Cavaleria," Mascagni, selections from "Carmen," Bizet, the Schubert serenade, Liszt's Hungarian Rhapsodie No. 2, Dvorak's "Humoresque," Schumann's "Träumerei," and Wagner's "Ride of the Valkyries."

This is the first time music lovers of Saint Paul were ever invited to select the program they would like played, and they are engaging in the scheme with all the vim and vigor that goes with a novelty.

Town and Country Club

The Town and Country Club has set the pace in Minnesota, and has attired its caddies in natty uniforms. The average golfer will tell you that usually he is able to identify his boy by a waist that has had one sleeve torn off, by a cap that has no sleeve or by pants that are shorter on one leg than on the other.

Under the new order of things it will be necessary for the golfers to establish new means of identification, and it might be well for them to consider the finger print system.

CHILD LABOR AMENDMENT

THE child labor amendment is to have further consideration in the Minnesota legislature. According to Dowsley Clark of the Minneapolis Tribune, a deciding vote upon the legislature's attitude toward the proposed federal child labor amendment to the constitution is expected to be recorded before the legislature closes its session.

Senator George H. Sullivan led the fight to have the legislature go on record against the amendment. Senator Henry Morin of Duluth introduced a resolution providing for ratification of the amendment. The Morin resolution will come up first. Proponents of the child labor amendment will seek to have it adopted and opponents will try to kill it. If the opponents are successful in knocking out the Morin resolution they will proceed to make a fight to have the house resolution of rejection adopted.

The contention of Senator Sullivan is that if the present legislature formally rejects the child labor amendment the issue is closed for all time, so far as the constitutional amendment now pending is concerned. By having both houses adopt a resolution rejecting the amendment, the authorities would be so notified at Washington and Minnesota would be listed as opposed.

Supporters of the child labor amendment, especially those senators who stand behind labor legislation, believe that this is true, and so to keep the subject from being a closed issue in Minnesota, they would prefer to have no action taken. Their whole effort is being directed toward keeping the senate from taking a direct vote upon the house resolution of rejection.

Considering the amendment in its national sense, it will be of interest now to observe what the states delinquent in child protection will do to remedy conditions within their state lines. Will they heed the warning? Will they clean up and set their homes in order? Or, given another lease of life, will they continue disregarding the protection of the little ones and expect public opinion to forget the issue.

A MAN AND HIS JOB

IN the final analysis, it's a man's job that influences his outlook on life. If he's a square peg in a round hole, things never look right. If pay is small, his wants must be cut to fit the budget. If he's working short time, you can't expect him to grow enthusiastic about large expenditures, whether of public or private nature.

It's the job question that influences the family. A move is made to a new town if there's a chance to better things. After the job question is satisfactorily settled, then the family is in a position to take up the finer things of life, all however primarily based on the prosaic foundation of the job.

"HOPPING ON" FREIGHT TRAINS

TIME and again railway men have warned youngsters against "hopping on" freight trains. The yards here have been the scene of many accidents caused by such a practice and police, special agents of the company and others do everything possible to discourage such a practice.

There may be a momentary exhilaration in "stealing a ride," but the cost is too great when one considers that death is generally the penalty for a false step. A lurch of the train may throw one from the rods or bumpers and wheels with a knife edge are quick to act.

Young men, as a rule, are the victims and they are the kind that no community can ever afford to lose.

My youth and beauty helps
By Edna Wallace Hopper

For 40 years I have searched the world for the best beauty helps in existence. I spent nine years in France. And countless experts elsewhere have given me their best. Those helps made me a famous beauty. They have retained my youth and beauty. The thousands who see me daily on the stage marvel at my bloom.

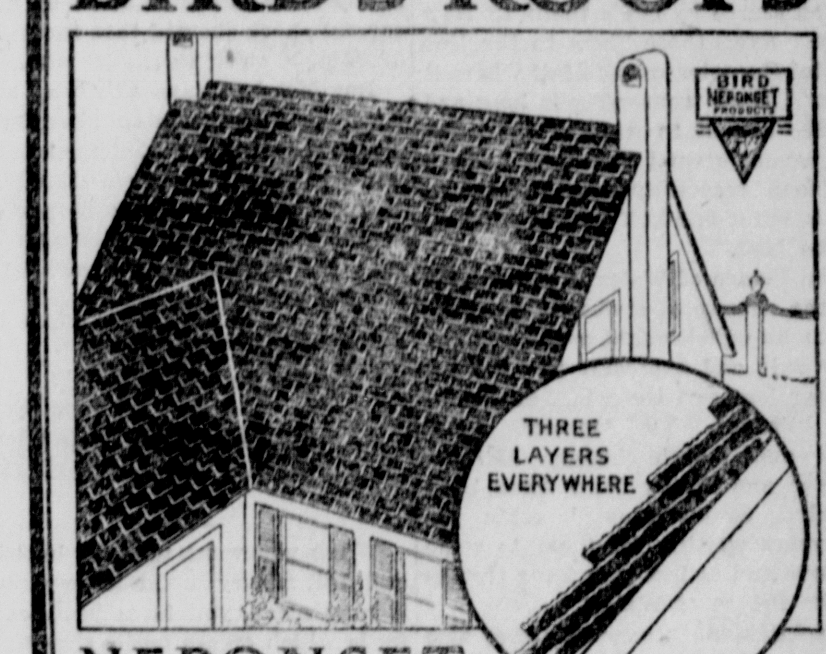

Now the best I found is placed at every woman's call. Toilet counters everywhere supply them. And I gladly send to all who ask a sample of any for test. I urge every girl and woman to try, at my cost, the matchless helps I found.

My Rosy Bloom
I found in France a liquid cleanser, used by famous beauties there. It contains no animal, no vegetable fat. It cannot assimilate in any way with the skin. It simply cleans to the depths, then departs. I call this product my Facial Youth. One use will give you a new conception of what a clean skin means.
I use a super-cream called my Youth Cream. It contains a dozen ingredients which experts have advised for me. These include products of both lemon and strawberry. Also the best that science knows to foster, feed and protect the skin. A test of Youth Cream will amaze and delight you.

White Youth Clay
Clay is the greatest help that women can employ. But not the crude and muddy clays so many have applied. I use a clay which is the final result of 20 years of scientific study. It is white, refined and dainty. And it combines many helps besides clay.

"KING CALLED JESUS"

Easter Pageant to be Given at the Methodist Church Sunday Evening

This pageant brings to mind in a very effective way the spirit of the Easter season. This pageant has taken some time to prepare and it promises to be most interesting.

This pageant, which vividly portrays some of the events of the life of Christ and effectively brings the Easter spirit with it, will be given at the Methodist church at 7:45 on Sunday night. The solo by Miss Georgia Drexler will be a feature of the evening. Miss Drexler has been heard but little by Brainerd audiences since she has studied music more extensively.

MALES GAY WITH EASTER COLORS SUNDAY

SOLOMON IN ALL HIS GLORY NOT
SO NICELY
ARRAYED

WHEN IT COMES TO COLOR
SCHEMES, MALE AS DEAD-
LY AS FEMALE

By HEDDA HOYT
(Fashion Editor of the United Press)
(Written for the United Press)
New York, N. Y., April 11.—Men
are glorious creatures this Easter!
Solomon in all his glory was not ar-
rayed like one of these.

Subdued members of the household
have suddenly gone color mad and
blossomed out in "bird tones"—col-
ors of the oriole, the peacock, the
flamingo and the blue bird. Silhou-
ettes are long, loose and flopping.

When it comes to color schemes
the male is as dead as the female.
Powder blue and robin's egg blue are
favorite with blue-eyed males of fair
complexion. Pinkish grays are
chosen where complexion and eyes
are of nondescript shades. For eyes,
hair and complexion must all be
taken into consideration before or-
dering a suit with two pairs of trousers
this season. The man with
greenish blue eyes avoids a shade of
blue that is tinged with green as he
would a reptile. He chooses a blue
that is slightly darker than his eyes,
thus augmenting the blue of the eye.

As to silhouette! As girls wear
them shorter and tighter, the boys—
gay birds—wear them longer and
looser. They are ready for deck
duty at a moment's notice. Sports
raiment adds a new silhouette note.
What started out to be golf trousers
several years ago has now developed
into harem trousers—loose bags
gathered in a few inches above the
ankles.

"Ensemble" outfits are the order of
the day. Suit, overcoat and hat of
graduating shade create an omber ef-
fect that is most stunning. Shades of
powder blue are those most popu-
lar in New York. One sees dozens of
men dressed in this soft shade of
light blue. Grays are second in de-
mand and lighter grays are far more
popular than dark ones. When gray
is chosen, the hat and overcoat may
be a shade darker than the suit,
whereas when one wears powder
blue, the entire outfit must be of
exact shade. One hesitates to sug-
gest pale blues for business wear as
they soil easily. For Sabbath wear,
however, they are decidedly novel
and are flattering to the wearer.

Old fashioned boys—those who
cling to somber blues and browns—
are as scarce as hen's teeth in New
York. Even those "how to the line
and let the color scheme fall where it
may." Each trouser leg is long and
ample—almost as wide as the aver-
age woman's skirt and long enough
to droop gracefully over the instep
and to cover one-half inch of the heel
of the boot.

The Prince of Wales is responsible
for the change of styles in America.
It was he who brought over the light
gray suit and overcoat, the flowing
trouser legs and the wide, flat-brim-
med Fedora. No America could
create such a style change. Herbert
Hoover and Henry Ford have been
wearing double-breasted coats for
ten years waiting for them to come
in style and at last they have thanks
to the Prince of Wales!

Neckties and accessories have also
fallen under the spell of pastel.
Plain pastel shades are newer than
colorful striped affairs. Ties tone in
with the suit in shade. Soft blues,
light orioles and peacocks are favor-
ite shades. Gloves keep to neutral
colorings, such as light gray and
champagne suedes.

Plain pastel-hued shirts with col-
lars to match are preferred to striped
ones worn with old fashioned white
stiff collars.

As to corsages, the bachelor's but-
ton, worn on the left lapel of the
baby blue suit, is the proper thing.

COUNTING RUN OF SMELT IN AN OREGON RIVER

(By United Press)
Portland, Ore., April 9.—Just how
many smelt run in the Sandy river
each season is the question that has
worried many a mental gymnast.

Every year these fish enter the
stream in such masses that amateur
fishermen dip them out with baskets
and makeshift nets, while commer-
cial fishermen catch them by the ton.

For days the migration to the
spawning grounds continues.

Hugh Mitchell, director of the Ore-
gon State fish hatcheries, has come
forward with convincing data in the
form of an official estimate of the

Scene from Reginald Barker's THE GREAT DIVIDE
Conway Tearle, Alice Terry, Wallace
Beery and Big Cast in "The Great
Divide" at Lyceum Sunday

Alice Terry learned the details of
camp life while playing the role of
Ruth Jordan, the gentle-bred New
England girl, in "The Great Divide,"
which comes to the Lyceum Theatre
on Sunday and Monday.

Conway Tearle is the rough, un-
polished Stephen Ghent. Wallace

Pauline Starke and William Collier, Jr., in the Victor Fleming Production
"The Devil's Cargo," a Paramount
Big Thrill Scenes in "The Devil's
Cargo," a Paramount

You wouldn't believe it possible to
pile so many punch scenes into a
picture as are found in Paramount's
"The Devil's Cargo," which is the

number of fish in the smelt rush.
In the first place, the fish commis-
sion took 50 tons of smelt from the
Sandy river to use as fish food and a
careful check showed that there were
11,500,000 smelt in the 50 tons.

But Mitchell says this was about
2 per cent of the total taken by in-
dividual fishermen. That means net
wielders dipped up about 575,000,000

And since only about 10 per cent
of the run is taken, it is estimated
that the total run is about 5,750,-
000,000 fish.

IF KIDNEYS ACT BAD TAKE SALTS

When you wake up with backache
and dull misery in the kidney region
it may mean you have been eating
foods which create acids, says a well
known authority. An excess of such
acids overworks the kidneys in their
efforts to filter it from the blood and
they become sort of paralyzed and
luggy. When your kidneys get slug-
gish and clog you must relieve them,
like you relieve your bowels, remov-
ing all the body's urinous waste, else
you have backache, sick headache,
dizzy spells; your stomach sours,
tongue is coated and when the weath-
er is bad you have rheumatic
twinges. The urine is cloudy, full
of sediment, channels often get sore,
water scalds and you are obliged to
seek relief two or three times during
the night.

Either consult a good, reliable
physician at once or get from your
pharmacist about four ounces of Jad
Salts; take a tablespoonful in a glass
of water before breakfast for a few
days and your kidneys may then act
fine. This famous salts is made
from the acid of grapes and lemon
juice, combined with lithia, and has
been used for years to help clean and
stimulate sluggish kidneys, also to
neutralize the acids in the system, so
they no longer irritate, thus often
relieving bladder weakness.

Jad Salts is inexpensive, can not
injure and makes a delightful, efferv-
escent lithia-water drink. Drink
lots of soft water. By all means
have your physician examine your
kidneys at least twice a year.—Adv.

gented at the Lyceum on Sunday. Ar-
rangements have been made to have
Rowland Jenkins sing "The Ros-
ary" and also the popular songs in
conjunction with the Arcadian Or-
chestra, and the special picture, "The
Great Divide," starring Alice Terry
Conway Tearle and Wallace Beery.

This competitive test proved Double Dyed Denim fast color.

If only every overall wearer might have
seen this test made! The superiority of
Double Dyed Denim was proven in a
most startling manner.

Samples of denim woven at different
mills were sewed together. One of these
samples was the Double Dyed Denim.
The entire strip was soured with dirt and
grease. Then it was sent to the laundry.

Powerful chemicals were used to take out
the dirt and grease. Again and again
this process was repeated. Illustrated at
the left you see the result.

Some of the pieces were almost white;
others a dirty gray; one showed a pale
blue. Standing out in striking contrast
was the Double Dyed Denim. It came
through tough and strong as ever and a
wonderful bright blue.

Double Dyed Denim is made only into Oshkosh
B'Gosh Overalls. It was originated and is con-

MALES GAY WITH EASTER COLORS SUNDAY

SOLOMON IN ALL HIS GLORY NOT
SO NICELY
ARRAYED

WHEN IT COMES TO COLOR
SCHEMES, MALE AS DEAD-
LY AS FEMALE

By REDDA HOYT
(Fashion Editor of the United Press)
(Written for the United Press)
New York, N. Y., April 11.—Men
are glorious creatures this Easter!
Solomon in all his glory was not ar-
rayed like one of these.

Subdued members of the household
have suddenly gone color mad and
blossomed out in "bird tones"—col-
ors of the oriole, the peacock, the
flamingo and the blue bird. Silhou-
ettes are long, loose and flopping.

When it comes to color schemes
the male is as dead as the female.
Powder blue and robin's egg blue are
favorite with blue-eyed males of fair
complexion. Pinkish grays are
chosen where complexion and eyes
are of nondescript shades. For eyes,
hair and complexion must all be
taken into consideration before or-
dering a suit with two pairs of trou-
sers this season. The man with
greenish blue eyes avoids a shade of
blue that is tinged with green as he
would a reptile. He chooses a blue
that is slightly darker than his eyes,
thus augmenting the blue of the eye.

As to silhouette! As girls wear
them shorter and tighter, the boys—
gay birds—wear them longer and
looser. They are ready for deck
duty at a moment's notice. Sports
raiment adds a new silhouette note.
What started out to be golf trousers
several years ago has now developed
into harem trousers—loose bags
gathered in a few inches above the
ankles.

"Ensemble" outfits are the order of
the day. Suit, overcoat and hat of
graduating shade create an omber ef-
fect that is most stunning. Shades
of powder blue are those most popu-
lar in New York. One sees dozens of
men dressed in this soft shade of
light blue. Grays are second in de-
mand and lighter grays are far more
popular than dark ones. When gray
is chosen, the hat and overcoat may
be a shade darker than the suit,
whereas when one wears powder
blue, the entire outfit must be of
exact shade. One hesitates to sug-
gest pale blues for business wear as
they soil easily. For Sabbath wear,
however, they are decidedly novel
and are flattering to the wearer.

Old fashioned boys—those who
cling to somber blues and browns—
are as scarce as hen's teeth in New
York. Even those "new to the line
and let the color scheme fall where it
may." Each trouser leg is long and
ample—almost as wide as the aver-
age woman's skirt and long enough
to droop gracefully over the instep
and to cover one-half inch of the heel
of the boot.

The Prince of Wales is responsible
for the change of styles in America.
It was he who brought over the light
gray suit and overcoat, the flowing
trouser legs and the wide, flat-brim-
med Fedora. No America could
create such a style change. Herbert
Hoover and Henry Ford have been
wearing double-breasted coats for
ten years waiting for them to come
in style and at last they have thanks
to the Prince of Wales!

Neckties and accessories have also
fallen under the spell of pastel.
Plain pastel shades are newer than
colorful striped affairs. Ties tone in
with the suit in shade. Soft blues,
light orioles and peacocks are favor-
ite shades. Gloves keep to neutral
colorings, such as light gray and
champagne suedes.

Plain pastel-hued shirts with col-
lars to match are preferred to striped
ones worn with old fashioned white
stiff collars.

As to corsages, the bachelor's but-
ton, worn on the left lapel of the
baby blue suit, is the proper thing.

COUNTING RUN OF SMELT IN AN OREGON RIVER

(By United Press)
Portland, Ore., April 9.—Just how
many smelt run in the Sandy river
each season is the question that has
worried many a mental gymnast.

Every year these fish enter the
stream in such masses that amateur
fishermen dip them out with baskets
and makeshift nets, while commer-
cial fishermen catch them by the ton.

For days the migration to the
spawning grounds continues.

Hugh Mitchell, director of the Ore-
gon State fish hatcheries, has come
forward with convincing data in the
form of an official estimate of the

Scene from Reginald Barker's THE GREAT DIVIDE

Conway Tearle, Alice Terry, Wallace
Beery and Big Cast in "The Great
Divide" at Lyceum Sunday

Alice Terry learned the details of
camp life while playing the role of
Ruth Jordan, the gentle-bred New
England girl, in "The Great Divide,"
which comes to the Lyceum Theatre
on Sunday and Monday.

Conway Tearle is the rough, un-
polished Stephen Ghent. Wallace

Beery, ZaSu Pitts, Huntly Gordon,
Allan Forrest, Ford Sterling, Wil-
liam Orlamond and George Cooper
are also included among the players
"The Great Divide" was one of
the outstanding successes of the
American stage and is one of the
finest productions on the Metro-Gold-
wyn program.

The picture for the most part was
filmed in Arizona, the locale of the
romance.

"The Devil's Cargo," A Paramount Picture

Big Thrill Scenes in "The Devil's
Cargo," a Paramount

You wouldn't believe it possible to
pile so many punch scenes into a
picture as are found in Paramount's
"The Devil's Cargo," which is the

feature at the New Park on Sunday
and Monday.

The story, an adaptation of "The
River Boat" by Charles Whittaker,
is a fine love melodrama of California
in 1850. It opens in the old gold
town of Sacramento.

number of fish in the smelt rush.

In the first place, the fish commis-
sion took 50 tons of smelt from the
Sandy river to use as fish food and a
careful check showed that there were
11,500,000 smelt in the 50 tons.

But Mitchell says this was about
2 per cent of the total taken by in-
dividual fishermen. That means net
wielders dipped up about 575,000,000

And since only about 10 per cent
of the run is taken, it is estimated
that the total run is about 5,750,-
000,000 fish.

IF KIDNEYS ACT BAD TAKE SALTS

When you wake up with backache
and dull misery in the kidney region
it may mean you have been eating
foods which create acids, says a well
known authority. An excess of such
acids overworks the kidneys in their
efforts to filter it from the blood and
they become sort of paralyzed and
luggy. When your kidneys get slug-
gish and clog you must relieve them,
like you relieve your bowels, remov-
ing all the body's urinous waste, else
you have backache, sick headache,
dizzy spells; your stomach sours,
tongue is coated and when the weath-
er is bad you have rheumatic
twinges. The urine is cloudy, full
of sediment, channels often get sore,
water scalds and you are obliged to
seek relief two or three times during
the night.

Either consult a good, reliable
physician at once or get from your
pharmacist about four ounces of Jad
Salts; take a tablespoonful in a glass
of water before breakfast for a few
days and your kidneys may then act
fine. This famous salts is made
from the acid of grapes and lemon
juice, combined with lithia, and has
been used for years to help clean and
stimulate sluggish kidneys, also to
neutralize the acids in the system, so
they no longer irritate, thus often
relieving bladder weakness.

Jad Salts is inexpensive, can not
injure and makes a delightful, efferv-
escent lithia-water drink. Drink
lots of soft water. By all means
have your physician examine your
kidneys at least twice a year.—Adv.

This competitive test proved Double Dyed Denim fast color.

If only every overall wearer might have
seen this test made! The superiority of
Double Dyed Denim was proven in a
most startling manner.

Samples of denim woven at different
mills were sewed together. One of these
samples was the Double Dyed Denim.
The entire strip was soured with dirt and
grease. Then it was sent to the laundry.

Powerful chemicals were used to take out
the dirt and grease. Again and again
this process was repeated. Illustrated at
the left you see the result.

Some of the pieces were almost white;
others a dirty gray; one showed a pale
blue. Standing out in striking contrast
was the Double Dyed Denim. It came
through tough and strong as ever and a
wonderful bright blue.

Double Dyed Denim is made only into Oshkosh
B'Gosh Overalls. It was originated and is con-
trolled by the Oshkosh Overall Company. Try

TIMBER FIRES ARE A SERIOUS PROBLEM

Fire Raged Last Night in the Woods North of Grandview Lodge

COUNTRYSIDE FIRES

Another Fire Burned West to Pelican Lake, Endangering Velvet Beach Resort

Timber fires are proving a serious problem throughout this county, and have already done much damage. The early spring, coupled with very dry weather has brought on a condition very conducive to the spread of fires.

One fire is reported in the woods north of Grandview Lodge on Gull lake, Friday night. The countryside turned out to fight the flames, working from 6:30 o'clock in the evening until midnight, before the fire was brought under control.

Another fire started in a meadow back on the Van Doren farm, north of Lake Edward, and burned west to Pelican lake two miles south of Velvet Beach resort. Practically all of the residents of Mission township, turned out to fight the fire, and it was only by the heroic efforts of the fighters that seven farm homes and cottages were saved.

Other fires are reported on Horse shoe lake, and north of Breezy Point on the west side of Pelican lake.

HEDSTROM'S ORCHESTRA

To Play at New Park Sunday in Conjunction With Picture "The Devil's Cargo"

Because of popular demand the Hedstrom orchestra will play again at the New Park on Sunday night. This orchestra makes a decided hit on each of their engagements introducing new numbers and judging from the applause that they have been getting the public is very well pleased with their programs.

The feature picture for Sunday night is "The Devil's Cargo" with Pauline Starke, Wallace Beery, William Collier Jr. and Clair Adams. This is a powerful story of the romantic gold rush days of California, of an innocent girl and one good man swept out to sea in a flimsy river craft with a human cargo that is literally "The Scum of the Earth." How they fight their way out makes a picture of intense appeal. In this picture Wallace Beery of "Robin Hood" and "Sea Hawk" fame has the greatest role of his career. There are thrills, big moments, fights, intense scenes, and action in this picture. As this big bill is being presented at regular prices, come early for seats.

NEAR EAST APPEAL

Thousands of Children Are Still Hungry And Cold in Macedonia Camps

C. F. Jackson, regional director of the Near East Relief, has received the following cablegram from Charles Vickery, general secretary of the organization:

"Our inability to meet fully the situation of children in Greek refugee camps is causing most serious suffering. We have distributed a million and a quarter pieces of clothing among refugees, but situation is still critical. Thousands of children still hungry and cold in Macedonian Camps."

These sad messages are a reminder that Minnesota women must once more do their share by helping with the assembling of clothing, for childhood has never appealed in vain.

Braierd is asked to do its part, and any one wishing literature concerning the Near East Relief can obtain it by calling at the E. H. Jones dry goods store on Front street, M. J. Reis dry goods store on South Seventh street, or the Braierd Hardware, 721 Laurel street.

80 Pounds of Fish Taken From Crow Wing Lake Seized by Game Warden

Seven men, charged with unlawfully taking fish, were arraigned on Saturday morning before Justice of the Peace, C. A. Tucker, at Fort Ripley. All plead guilty to the charge and each was fined \$18.50.

The men were Bernard Neebek, Mike Kryscinski, J. N. Mrozik, Elmer, Gilbert and Edward Noe, and Tony Patzcek, all of Little Falls.

Deputy Game Warden J. M. Totten, heard of the fishing trip, and went out to Crow Wing lake, where he waited most of the night, catching the offenders as they left in the morning.

About 80 pounds of fish were seized, bass, sunfish and pickerel and these with the boats, torches, spears, etc., were confiscated.

The Correct Thing

We know a man, an upright, fearless citizen in every respect, a man who, take him in all—you know the line—the kind of a chap, who was reduced to a mere craven and to the contemplation of the most degrading subterfuges, pretenses and evasions, because he received at Christmas a beautiful copy of "Paradise Lost."

The poor fellow thought he would have to read it. When we told him he didn't have to do any such thing, that it wouldn't be expected of him and that the person who sent it to him hadn't read it either and wouldn't under penalty, he was overcome by tears.

He was so grateful he wanted to give the book to us.

People who give books like "Paradise Lost" and "The Vicar of Wakefield" really do not mean to introduce terror into the lives of their friends. These givers are merely under the common delusion that these books are badges of correct literary taste and are indispensable in any household pretending to culture.—Kansas City Star.

"SOONERS" ARE SHOOTING AT DUCKS

Brainerd Chapter Izaak Walton League Calls Attention of Game Wardens to Law Infraction

SUMMER RESORTERS REPORT

At Next Meeting of Chapter Mrs. J. A. Thabes Will Speak on "Birds"

Brainerd chapter of the Izaak Walton League is active in calling the attention of the game warden to the action of "sooners" who are said to be shooting ducks on lakes in the vicinity of Brainerd.

This information was furnished by summer resorters who are at the lake, opening their cottages. They heard the shooting and saw the ducks flying from one lake to another.

At the next meeting of the Brainerd chapter of the League, to be held early in May, it is hoped to have a prominent speaker present to address the members on subjects of interest. Mrs. J. A. Thabes will speak on birds. Further announcement of this program will be made later.

Cuyuna range towns are much interested in the work of the League, and are planning on the establishment of a chapter at Crosby-Ironton in the near future. A. H. Procter, of Ironton is communicating with state officials relative to such a chapter, and other prominent men on the range are cooperating in the movement.

ROTARY ELECTS OFFICERS

Richard Gardner to Head Staples Club to Succeed H. J. Dower

The Staples Rotary club held their annual election of officers on Monday. The retiring officers were H. J. Dower, president, Richard N. Gardner, vice-president and George W. Beckett, secretary and A. C. Hoening, treasurer. Two directors' term of office expired J. R. Nims and E. J. Hackenberg.

The men elected to fill the offices were R. N. Gardner, president, Clyde Miller, vice-president, W. H. Johnson, secretary and A. C. Hoening, treasurer. Directors elected to fill vacancies were J. R. Nims and E. P. Costain. Most of the time usually given to the program was taken with the election so there was nothing of interest aside from the election which appeared to be satisfactory to all present. The matter of the convention at Hibbing will be an important subject from now on in Rotary circles and President Gardner hopes that from 12 to 20 will attend. —Staples World.

At Next Meeting of Chapter Mrs. J. A. Thabes Will Speak on "Birds"

Brainerd chapter of the Izaak Walton League is active in calling the attention of the game warden to the action of "sooners" who are said to be shooting ducks on lakes in the vicinity of Brainerd.

This information was furnished by summer resorters who are at the lake, opening their cottages. They heard the shooting and saw the ducks flying from one lake to another.

At the next meeting of the Brainerd chapter of the League, to be held early in May, it is hoped to have a prominent speaker present to address the members on subjects of interest. Mrs. J. A. Thabes will speak on birds. Further announcement of this program will be made later.

Cuyuna range towns are much interested in the work of the League, and are planning on the establishment of a chapter at Crosby-Ironton in the near future. A. H. Procter, of Ironton is communicating with state officials relative to such a chapter, and other prominent men on the range are cooperating in the movement.

ROTARY ELECTS OFFICERS

Richard Gardner to Head Staples Club to Succeed H. J. Dower

The Staples Rotary club held their annual election of officers on Monday. The retiring officers were H. J. Dower, president, Richard N. Gardner, vice-president and George W. Beckett, secretary and A. C. Hoening, treasurer. Two directors' term of office expired J. R. Nims and E. J. Hackenberg.

The men elected to fill the offices were R. N. Gardner, president, Clyde Miller, vice-president, W. H. Johnson, secretary and A. C. Hoening, treasurer. Directors elected to fill vacancies were J. R. Nims and E. P. Costain. Most of the time usually given to the program was taken with the election so there was nothing of interest aside from the election which appeared to be satisfactory to all present. The matter of the convention at Hibbing will be an important subject from now on in Rotary circles and President Gardner hopes that from 12 to 20 will attend. —Staples World.

The Prominence of Handkerchiefs

Every dress must have a handkerchief to match if it meets with the demands of Fashion. And the handkerchiefs are so pretty that one is glad of the style which demands them.

Delightfully Pretty Gloves

Gloves are generally worn of necessity. Not so this year. Their beauty is so marked one gladly wears them for the prettiness of them. This is true of kid, cape or silk gloves.

The Popular Scarves

Aren't they beautiful? And such a wide variety of styles. Handsome figured qualities. Pretty lace like scarves. Rich colored crepe scarves. We have them to please all.

FARRELL PICKS GIANTS IN NATIONAL

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 11.—Liberties are extended at the particular season of the year when every one is more or less amiable, to make guesses about baseball without being shot as a public nuisance.

The National League pennant race annually affords the opportunity for one to distinguish himself for bravery by stepping out and telling an anxious public just where the eight teams are going to finish in October and what team is going to represent the National League in the world's series.

The pennant winner ought to be easy to name this year—the New York Giants.

The runners-up and the runners-behind cannot be placed as easily and with as much excusable certainty.

From the present indications it looks like they might line up behind the four-time champions in this order:

Brooklyn
Pittsburgh
Cincinnati
Chicago
St. Louis
Philadelphia or Boston

The Giants look to be the winners because the team, if not really strengthened by the improvement that can be expected reasonably in several young pitchers, are at least as strong as they were last season and they were stronger last season than their game and a half margin over the Brooklyn Robins would indicate.

The Giants have two hazards this season—overconfidence and loss of morale—and it is likely that neither one will be fatal or injurious. John McGraw will not let his players get the swell head and he will not let them whimper and brood if they are told a lot about last fall's scandal as they travel around the circuit.

It is the safest bet in the world that the Giants will not keep too much in mind that they have won four straight pennants and that it ought to be easy for them this year. It is a safe bet that they will play for every game because they are the best money players in the major leagues and because John McGraw has too much control over the men.

Brooklyn is picked for second place because it is a good ball club, well organized and well directed. It is not a spectacular ball club, and it is not a colorful club, but it is an effective team, working in harmony with the most lovable manager in baseball—Uncle Wilbert Robinson. The team has an offensive punch in Wheat, Fournier and Brown and several other less consistent but almost as dangerous batters in a pinch. The team has a good infield defense, a good outfield and a wow of a pitching staff. One of the greatest virtues of the Brooklyn club is its consistency. It gets a pace and holds it. It never runs wild and it doesn't slump.

Pittsburgh is placed third simply because it ought to be "up around there some place." The Pirates with Grimm gone and a rookie on first base, with Maranville gone and an experiment on second base, do not seem to be as powerful as they were last year. There may be better spirit on the club, but first base and second base are no places for experiments.

The Cincinnati Reds are placed fourth because they do not belong any lower. Maybe they'll be higher. The Reds were handicapped by many conditions last year that will be improved this year. With a better first baseman than Bressler, the Reds would warrant a higher rating.

When Rabbit Maranville went out of the game for two months with a broken ankle, the pennant chances of the Cubs were just about wrecked. The Rabbit was to have been—and might have been—the spark-plug of the infield and the correction of a weakness that has bothered the club for two or three years. The team that beats the Giants cannot get started in June. It will have to be away on full speed from the crack of the gun and maintain a consistent and steady pace. The Cubs aren't equipped to do that.

The St. Louis Cards are not placed higher, because it is not reasonable to assume that such a great improvement can be worked in the pitching staff and because it has been shown conclusively that Rogers Hornsby cannot bring a pennant to St. Louis lone-handed.

Strange to say, the tail-enders is harder to pick than the leaders. The Philadelphia Phils and the Boston Braves have so many qualifications as a last place club that it is most difficult to decide which team will play the worst ball. They both have hustling managers, but their material is equally of inferior grade. On a long shot, the guess might be offered that the Phils have a little more dash and spirit and they might play like a seventh place club more than the Braves.

Accidents must be figured over a long stretch, but the bad breaks factor is no great menace to the Giants. They have the greatest reserve power in the major leagues with the men on the bench for nearly every position and regulars on the field who can play acceptably in two or three positions. Nothing but a train wreck that would incapacitate the whole team could reduce the strength of the Giants.

Yes, there is that "terrible pitching staff" of the Giants to consider, but that staff has weathered four hard battles and there is enough power, drive and spirit on the offense and the defense to carry an inferior bunch of pitchers.

The Giants look like the best bet.

RUTH'S ILLNESS IS BAD BLOW FOR THE YANKS

SICKNESS IS LIABLY TO CURTAIL
HIS HITTING POW.
ERS

TY COBB IS ILL WITH THE FLU
AND MAY NOT BE ABLE TO
START THE SEASON

By HENRY L. FARRELL
(United Press Staff Correspondent)

New York April 11.—Babe Ruth's condition during the early part of the season will be a vital factor in the American league pennant races. Upon a sound and healthy Babe the pennant chances of the New York Yankees are based almost entirely. Without him the team hardly could expect to win.

It seems certain Ruth will recover from his present ailment, but it is not certain when he will be back to perfect playing condition. It is almost impossible to keep him out of a uniform when he is not actually in a state of collapse, and he may be back in the game within a week or so, but it will be longer than that before he can be a real Babe Ruth.

Much depends upon a fast start in the two pennant races this season. The Yankees lost the American league pennant last year because they fiddled around too long and when they decided to speed up the Washington Senators were too far ahead of them to be caught.

Miller Huggins, manager of the Yankees, pointed out the other day that Detroit would be the most dangerous if the Tigers should get away to a long lead early in the season. With one or two exceptions, none of the players on the Detroit club have been on a championship team and they would have the same inspiration that New York and Washington had when they were dashing for their first pennant. The Tigers have been so close to the pennant for the last three years that they have more than the ordinary desire for the world's series money.

Ty Cobb is ill down south with the flu and may not be able to start the season, but the Tigers can get along better without him than the Yankees can without Ruth.

Babe Ruth was considerably improved today after a night's rest at St. Vincent's hospital, to which he was taken suffering from a knock on the head, indigestion and influenza.

The big ball player passed a good night. The injury to his head, sustained in a fall in the washroom of a Pullman car is not serious.

The slugger went to sleep at 11 o'clock last night and had an uninterrupted rest. This favorable sign made physicians concede there is a possibility Ruth will be in the Yankee lineup in the season's opening game Tuesday.

Ed Barrow, business manager of the Yankees, said the home-run king was to be put on a strict diet and would not be permitted to play in the opening game unless it was certain he had fully recovered.

Including Ruth and Cobb there are about 16 major league players on the disabled list and most of them were put out of the game within the last few days.

The list of players who have been put out of commission include Rabbit Maranville and Grigsby of the Cubs, Hauser and Heimach of the Athletics, Summa and Knode of the Cleveland Indians, Scott of the Yankees, Frisch, Lindstrom and Groh of the Giants, and Smith of the Braves. Moore, the Pittsburgh second baseman, has been sent home to have a sore shoulder treated, and Archdeacon of the White Sox is laid up with appendicitis.

Ed Barrow, business manager of the Yankees, said the home-run king was to be put on a strict diet and would not be permitted to play in the opening game unless it was certain he had fully recovered.

GOLDIE RAPP QUITS TOLEDO; MANY DISPUTES

Toledo, O., April 11.—Goldie Rapp, third baseman, jumped the Toledo club today.

Rapp was refused a raise by Pres. Joe O'Brien of the Toledo club, so Goldie immediately packed his effects and left.

There are many salary disputes on the Toledo club at present and there are only six players counted upon as regulars signed.

The entire outfield, Hillis, shortstop, and a number of pitchers have refused to come to terms.

Pres. O'Brien declares that the players are being offered all that the club can afford, but with the season but a few days away the situation is becoming very acute.

BUSH TOYED WITH MEMPHIS BATTERS APRIL 8

PITCHED NINE INNINGS AND
MIXED THEM
UP

PITCHED FAST BALLS, WITH
SLOW ONES AND
HALF SPEED

The St. Louis Post-Dispatch of April 9th, says of the Browns-Memphis game: "The Browns certainly were impressive in victory Wednesday, crushing the Chicks 13 to 2. Siler used the same lineup that will start the American League season, even to the pitcher.

Joe Bush will have five days' rest and undoubtedly will pitch against the Cleveland Indians at Sportsman's park next Tuesday.

Bush toyed with the Memphis batters. He pitched the nine innings and was touched for eight hits. However, he stopped rallies whenever they became threatening. He depended almost entirely on mixing up fast balls and rarely had to resort to curves to baffle the opposition. In addition to his fine work on the hill, Bush contributed a single and a double to the cause in four times at bat. The Brownie battery batted .500 for the day, Dixon getting a triple and a single in four trips to the plate.

The story of the game takes up two columns in the St. Louis-Dispatch and Bush is given an eight column heading entitled "Bush Toys With Memphis Batters and is Ready for A. L. Opener."

BABE RUTH'S COMFORTABLE NIGHT

HOSPITAL AUTHORITIES SAID HE
SLEPT SATISFACTORILY

(By United Press)
New York, April 11.—Babe Ruth passed another comfortable night, according to a report given out at St. Vincent's Hospital this morning. Hospital authorities said Babe slept satisfactorily and predicted that today would develop an appreciable improvement in his condition.

Despite the advice of physicians who have recommended that he remain in bed another week, Ruth hopes to be able to play in the season's opening game next Tuesday, hospital officials said.

RUTH'S ILLNESS IS BAD BLOW FOR THE YANKS

SICKNESS IS LIABLY TO CURTAIL HIS HITTING POW.

TY COBB IS ILL WITH THE FLU AND MAY NOT BE ABLE TO START THE SEASON

By HENRY L. FARRELL
(United Press Staff Correspondent)

New York April 11.—Babe Ruth's condition during the early part of the season will be a vital factor in the American league pennant races. Upon a sound and healthy Babe the pennant chances of the New York Yankees are based almost entirely. Without him the team hardly could expect to win.

It seems certain Ruth will recover from his present ailment, but it is not certain when he will be back to perfect playing condition. It is almost impossible to keep him out of a uniform when he is not actually in a state of collapse, and he may be back in the game within a week or so, but it will be longer than that before he can be a real Babe Ruth.

Much depends upon a fast start in the two pennant races this season. The Yankees lost the American league pennant last year because they fiddled around too long and when they decided to speed up the Washington Senators were too far ahead of them to be caught.

Miller Huggins, manager of the Yankees, pointed out the other day that Detroit would be the most dangerous if the Tigers should get away to a long lead early in the season. With one or two exceptions, none of the players on the Detroit club have been on a championship team and they would have the same inspiration that New York and Washington had when they were dashing for their first pennant. The Tigers have been so close to the pennant for the last three years that they have more than the ordinary desire for the world's series money.

Ty Cobb is ill down south with the flu and may not be able to start the season, but the Tigers can get along better without him than the Yankees can without Ruth.

Babe Ruth was considerably improved today after a night's rest at St. Vincent's hospital, to which he was taken suffering from a knock on the head, indigestion and influenza.

The big ball player passed a good night. The injury to his head, sustained in a fall in the washroom of a Pullman car is not serious.

The slugger went to sleep at 11 o'clock last night and had an uninterrupted rest. This favorable sign made physicians concede there is a possibility Ruth will be in the Yankee lineup in the season's opening game Tuesday.

Ed Barrow, business manager of the Yankees, said the home-run king was to be put on a strict diet and would not be permitted to play in the opening game unless it was certain he had fully recovered.

Including Ruth and Cobb there are about 16 major league players on the disabled list and most of them were put out of the game within the last few days.

The list of players who have been put out of commission include Rabbit Maranville and Grigsby of the Cubs, Hauser and Heimach of the Athletics, Summa and Knode of the Cleveland Indians, Scott of the Yankees, Frisch, Lindstrom and Groh of the Giants, and Smith of the Braves. Moore, the Pittsburgh second baseman, has been sent home to have a sore shoulder treated, and Archdeacon of the White Sox is laid up with appendicitis.

GOLDIE RAPP QUILTS TOLEDO; MANY DISPUTES

Toledo, O., April 11.—Goldie Rapp, third baseman, jumped the Toledo club today.

Rapp was refused a raise by Pres. Joe O'Brien of the Toledo club, so Goldie immediately packed his effects and left.

There are many salary disputes on the Toledo club at present and there are only six players counted upon as regulars signed.

The entire outfield, Hillis, shortstop, and a number of pitchers have refused to come to terms.

Pres. O'Brien declares that the players are being offered all that the club can afford, but with the season but a few days away the situation is becoming very acute.

BUSH TOYED WITH MEMPHIS BATTERS APRIL 8

PITCHED NINE INNINGS AND MIXED THEM UP

PITCHED FAST BALLS, WITH SLOW ONES AND HALF SPEED

The St. Louis Post-Dispatch of April 9th, says of the Browns-Memphis game: "The Browns certainly were impressive in victory Wednesday, crushing the Chicks 13 to 2. Siler used the same lineup that will start the American League season, even to the pitcher.

Joe Bush will have five days' rest and undoubtedly will pitch against the Cleveland Indians at Sportsman's park next Tuesday.

Bush toyed with the Memphis batters. He pitched the nine innings and was touched for eight hits. However, he stopped rallies whenever they became threatening. He depended almost entirely on mixing up fast balls and rarely had to resort to curves to baffle the opposition. In addition to his fine work on the hill, Bush contributed a single and a double to the cause in four times at bat. The Brownie battery batted .500 for the day, Dixon getting a triple and a single in four trips to the plate.

The story of the game takes up two columns in the St. Louis-Dispatch and Bush is given an eight column heading entitled "Bush Toys With Memphis Batters and is Ready for A. L. Opener."

BABE RUTH'S COMFORTABLE NIGHT

HOSPITAL AUTHORITIES SAID HE SLEPT SATISFACTORILY

(By United Press)

New York, April 11.—Babe Ruth passed another comfortable night, according to a report given out at St. Vincent's Hospital this morning. Hospital authorities said Babe slept satisfactorily and predicted that today would develop an appreciable improvement in his condition.

Despite the advice of physicians who have recommended that he remain in bed another week, Ruth hopes to be able to play in the season's opening game next Tuesday, hospital officials said.
